TABLE OF CONTENTS

DEDICATION - Frank and Lillian Gilbreth 1

FRANK BUNKER GILBRETH 2

LILLIAN MOLLER GILBRETH 6

FEATURE SPEAKERS

JACK F. JERICHO - Keynote Address
Time Marches On. 13

DR. LILLIAN M. GILBRETH - Luncheon Speaker
Frank as a Teacher 17

ANNE SHAW - Luncheon Speaker
Dr. Lillian M. Gilbreth 23

H. THOMAS HALLOWELL, JR. - Luncheon Speaker
Can America Compete Against the World? 27

JOHN MIHALIC - Banquet Speaker
Space Age Industrial Engineering 29

TECHNICAL SESSIONS

NORBERT BOHN
Controlling Administrative Costs 35

TOM C. PITNEY
A Proven Plan for Controlling Administrative Costs 43

DR. GERALD NADLER
Work Design 49

L. HAMILTON GARNER
The Industrial Engineer and Labor Relations. 59

DR. SPENCER J. HAYDEN and DR. RAYMOND A. KATZELL
Motivation Revisited 61

RAYMOND D. GILBERT
Value Disciplines and Techniques for the Industrial Engineer 71

GERALD B. BAILEY and RALPH PRESGRAVE
Where Time Study Stands Today 83

WALLACE J. RICHARDSON and GEORGE E. KANE
Design and Appraisal of PERT Network - Richardson. 87
A Cost Network Consistent with PERT - Kane 91

H. SHELDON PHELPS
Solve Future Problems Today 97

DR. WILLIAM BLOOM
Line of Balance as a Management-Control Technique 109

RICHARD A. FORBERG
Breakout into New Areas of the Company 115

RAYMOND I. REUL
In Defense of the Rate of Return as a Valid Yardstick for Measuring Investment Profitability 117

HAROLD W. STEVENS
Listening—The Hi-Fi of Communications 125

V. DONALD SCHOELLER
Learn to Manage Yourself First 129

RICHARD W. POMEROY
An Introduction to Digital Electronic Computers 141

JOSEF KLECKA
An Application of Linear Programming for the Determination of the Minimum Cost Labor Mixture Under Conditions of Varying Production Levels 151

ROBERT V. KAHLE
Application of Linear Programming for Industrial Planning 159

HOWARD E. CARTER
Electrical Reporting of Production Data—A Management Tool 167

JAMES H. McLEAN
The Role of the Industrial Engineer with Numerical Control 173

DAVID W. SHENTON
Automated Order Picking of Case Goods. 183

CAPT. JUSTIN H. DICKINS
An Operational Analysis of Telephone Information Service 193

DR. NEWMAN A. HALL, ROBERT J. PARDEN and MORLEY H. MATHEWSON
Current Practices in Accreditation of Engineering Curricula—Hall 209
What Is an Accreditable Industrial Engineering Degree Program?—Parden 211
What Does Industry Expect of the Industrial Engineering Graduate?—Mathewson 215

JOHN M. ALLDERIDGE
Designing Models in Work Measurement. 221

BENJAMIN D. HARRISON and HAROLD J. MADDEN
Evolution of I. E. in a Process Industry 229

GEORGE L. ANTON
Cost Reduction Programs in the Process Industry 231

LEWIS A. PHILLIPS
Advantages and Methods of Predetermining Manpower Requirements for a New Processes and New Plants in the Process Industry 237

DEAN M. ROGERS
A Proposal for the Establishment of Uniform Allowances in the Process Industries 245

DR. DAVID BENDEL HERTZ
Research Policy for Industrial Engineering - A Task Force Report. 249

JOSEPH N. CAPRETTA
Operations Analysis in Four Manufacturing Problems 257

DR. SALAH E. ELMAGHRABY
Research in Computerized Production Control Systems 269

HARRY L. DAVIS and DR. CHARLES I. MILLER
Work Physiology as an Aid to Job Design 281

DR. RICHARD C. WILSON
Some Observations on Research in Plant Design 287

E. J. KRABACHER
Recent Advancements in Metal Removal Capabilities, Through Research 289

GEORGE FRIED
Flexible Approach to Engineering Project Organization 301

CHIEF I. E. SYMPOSIA

DR. ALEX W. RATHE - Coordinator
Organization and Management of the Industrial Engineering Department 311

SIMON H. WAREHAM - Chairman
Organization and Management of the Industrial Engineering Department Fabricating Industries. 313

JOHN A. ALEXANDER
Industrial Engineering What-When-Where-How-Who-Why—Sonotone Corp. 315

DR. CHESTER L. BRISLEY
How Industrial Engineering Is Organized and Managed at Allis-Chalmers, West Allis Plant. 321

LEROY O. GILLETTE
Industrial Engineering at Armstrong Cork Company 327

CLAYMAN C. SHAFER
Captive Consultants—American Bosch Arma Corp. 331

FRANK S. WHITE
Industrial Engineering Organization and Functions—Continental Can Co. 337

HOWARD P. EMERSON - Chairman
Organization and Management of the Industrial Engineering Department Processing Industries 341

WILLIAM M. BRADY
Industrial Engineering at General Foods, Its Organization and Management 343

GEORGE H. GUSTAT
Industrial Engineering at Kodak Park. 347

TOM B. HAINES
How Industrial Engineering Is Organized and Managed at Dow 351

DONALD A. RUDKIN
Industrial Engineering at Mobil Oil Company 357

JAMES A. WILLIAMS
How Industrial Engineering is Organized and Managed at Wyandotte Chemicals Corp. 359

A.I.I.E. SENIOR CHAPTERS 361

A.I.I.E. STUDENT CHAPTERS 363

A.I.I.E. REGIONAL MAP 365

A.I.I.E. NATIONAL ORGANIZATIONAL CHART 367
